Who this is for

A founder, consultant, or expert with useful ideas or recordings and no clear content process.

Common situations

- Founder content
- Newsletter creation
- Educational content

What you get

- One repurposing workflow built around your source asset
- A blog draft, newsletter draft, and LinkedIn post set
- Reusable prompts for future content cycles
- Editing notes so the content still sounds like you

Results

- A clear way to turn one idea into multiple publishable pieces
- First drafts your team can edit and use
- A repeatable process for future content

Why people choose this package

- Good for experts with strong source material
- Built for repeatability, not one-off output
- Keeps editorial judgment in the process

CLIENT FEEDBACK

We got a process we could keep using instead of starting from scratch every time.

Founder · Advisory Practice

The team turned raw material into a working publishing process.

Package terms

- One source asset or source batch per package
- Publishing and distribution are outside the package
- Best results come from strong source material
